ocean. *smart*

BUILT IN FOR LONG-TERM

AUSTRIA SURPRISINGLY INGENIOUS

5 YEARS GUARANTEE
Ocean®

CLEVERLY COMBINED WITH THE SKIMMER DELUXE HIGH75

The very flat design of Peraqua® skimmer extensions allow an impressive low waterline and gives a nearly seamless transition from waterline to pool edge. The unique and flexible modular system enables the individual configuration of design and color of the pool.

The Ocean® Skimmer M5/PT deluxe contains a holder for a level sensor. The control unit and the protective grating are optionally available. In case of low water level the level sensor, which is connected to a solenoid valve via a controller, fills the pool with water. This avoids a dry running of the pump.

Ocean

HIGH WATER LEVEL SKIMMER

Ocean® Skimmer M5 deluxe High75, ABS + V4A

high water level up to 4 - 5 cm, square V4A flange cover & V4A extension, high polish, for liner, built-in and concrete pools, suction width 666 cm, incl. sieve basket, holder for PVC niveau sensor, d50 solvent + 2" female connection
Available in white, grey, black

Smart Skimmer High75 ABS

high water level up to 6–7 cm, Suction width 700 mm, for liner, concrete and built-up pools, incl. sieve basket, R 1½" + 2" female thread connection

Available in white and black

Ocean® Skimmer M5 deluxe High47 ABS + V4A

extra high water level up to 4–5 cm, square V4A-flange cover & V4A extension, high polish, Suction width 390 mm, for liner, concrete and built-up pools, incl. sieve basket, holder f. PVC niveau sensor, d50 solvent + 2" female connection

Smart Skimmer High50 white ABS

high water level skimmer ABS, for liner and built-up pools, sealing, screw set AISI-316, sieve basket, R1½"+2" female connection, recommended flow rate 5m³/h

Niveau control NC01 plug-in

with time delay switch (from 2–135 sec), incl. magnetic floater for easy installation on Ocean® skimmer M5 and PT, skimmer is equipped with an integrated and adjustable holder for the niveau floater

Ocean® water regulation system

mechanic, ABS, water connection ⅜", body connection d63/d50, incl. adjustable floater

Ocean

SKIMMER DELUXE & ACCESSORIES
M5 or PT

Ocean® Skimmer deluxe, M5 oder PT

for liner, built-up, conrete and tile pools

incl. basket, flange set, Skim Vac, plate d32/38, flange, M5 thread inserts A4 (SS316), screw set, sealing, reduction 2"/1 ½" and overflow connection d50, incl. notch for PVC niveau sensor – recommended flow rate 8 m³/h – for each 25 m² water surface on skimmer recommended

The niveau sensor is optionally included, the sensor is connected to a solenoid valve via a controller and automatically fills the pool with water.

M5: white
PT: white, black, grey

Niveau sensor in the Skimmer against surcharge

Ocean® protective grating

for Skimmer Ocean® deluxe, against leaves and all other pool contaminations, which might affect the functionality of the PVC solenoid niveau switch NC01. Retrofitting possible

Ocean® wide mouth extension deluxe

25 cm mounting depth, sealings, flange, screw set, for optimal front extension and enlargement of Ocean® skimmer deluxe M5/PT

M5: white, with M5 thread inserts A4(SS316)
PT: white, grey, black, PT self-drilling

Ocean® Skimmer extension deluxe

25 cm mounting depth, sealings, flange, screw set, for optimal front extension of Ocean® skimmer deluxe M5/PT

M5: white, with M5 thread inserts A4(SS316)
PT: white, black, PT self-drilling

Ocean® wide mouth/slanted flange (6°)

25 cm mounting depth, for mounting straight on the sloping pool flange and for front extension and enlargement of Ocean® skimmer deluxe M5/PT

M5: white, with M5 thread inserts A4(SS316)
PT: grey, black, PT self-drilling
Solvent sealing for Ocean® Skimmer deluxe

alternative for the included double lip sealing for Ocean® skimmer deluxe, solvent sealing

Collar & rings for Ocean® Skimmer deluxe

individual height extension for Ocean® Skimmer deluxe M5/PT

collar: grey, black
rings: white

Ocean® height extension deluxe

incl. 2 pcs extension rings (Teleskopsystem), square cover for round standard skimmer lids, ABS, white

## Ocean® skimmer lid & height extension V4A (SS316)

AISI316/SS316, for Ocean® skimmer deluxe, square 250 x 250 mm, incl. round cover and height compensation 4.5 cm

## Frame for Ocean® Skimmer deluxe

Dimensions: 263 x 211 mm

white, grey, black, V4A (SS316)

Wide mouth frame for Ocean® Skimmer deluxe

Dimensions: 466 x 242 mm

white, grey, black, V4A (SS316)

Smart winter plug

1½" EPDM 38 - 51 mm
or
2" EPDM 51 - 63.5 mm

ocean®

THE DIVERSE WORLD OF THE OCEAN® WHITE GOODS

The unique modular system enables the precise configuration of design and color of your pool components exactly according to customer wishes and is optimally designed for installation in Ocean® system brick (installation depth = 25 cm).

We offer skimmer plates, extensions, widenings, inlets, V4A frames for floor drains, and much more in the colors black, grey and white. They are perfectly combinable with the matching pool liners, especially with our new liners in stone look.

All ABS products from our White Good Range are chlorine, UV, salt water and ozone resistant and comply with the strictest standards and criteria.

M5 VS. PT

THE LITTLE DIFFERENCE

The housing is equipped with high-quality stainless steel inserts A2. Thereby a frame with high quality M5 / A4 screws can be fixed.

In contrast, in PT parts you can screw in directly special developed A2 screws into the plastic housing.

collar & rings for Ocean® Skimmer deluxe

individual height extension for Ocean® Skimmer deluxe M5/PT

collar: grey, black

SWIMMING IN GLEAMING SHINE

OCEAN® STAINLESS STEEL WHITE GOODS

Puristic, linear design and many practical „extras"
characterize the V4A Ocean® series of built-in parts.

Among other things, the Ocean® V4A offers high water level
skimmer series 500 & 700 PRO highest water lines for skimmer pools, as well as an
integrated bracket for an automatic level sensor, a d50 overflow ensures operational safety
and an integrated refill line d20 for a stable, high water line after the backwashing process.

The skimmer lid can be fixed to the housing with a clip, R 2½" internal thread outlet ensures
a proper flow and thus broad surface cleaning, the unique V4A frame is an unmistakable design
element in your pool and is ideal for the square Ocean® inlet nozzles. Both product lines can be
supplied with a matt (square) or polished (round) surface. The assembly of the round or square
Ocean® V4A nozzles can be carried out using the ABS or V4A Ocean® wall ducts.

Ocean
V4A WHITE GOODS

Ocean® high water level skimmer stainless steel V4A High500

for liner, polyester and conrete pools, with overflow d50 and integrated holder for niveau regulation, with lid, stainless steel basket, suction width 460 mm, connection 2" female and 2½" male

Ocean® high water level skimmer stainless steel V4A High500 PRO

for optimal high water level, for liner, polyester and conrete pools, with overflow d50 and integrated holder for niveau regulation, with lid, stainless steel basket, suction width 460 mm, connection 2" female and 2½" male

Ocean® high water level skimmer stainless steel V4A High700 PRO

for optimal high water level, for concrete, liner and build-up pools with lid, with overflow d50 and integrated holder for niveau regulation, stainless steel basket, suction width 660 mm, overflow d50, connection 2" female and 2½" male

Ocean® wall conduit V4A PRO

with water stopp and thread, for liner, concrete and tile pools, 2" female thread

Types:
- l = 250 mm
- l = 300 mm

Cover for Ocean® inlet nozzle V4A

cover for all Ocean® Inlet nozzles, incl. cover and ball, V4A AISI316, 1½" male thread

Ball DIN:
7 drilling holes à 5 mm,

Ball universal type:
- Ø 13 mm
- Ø 18 mm

Cover for Ocean® inlet nozzle PRO „Square"

brushed, DIN V4A AISI 316, suitable for all ABS Ocean® inlet nozzles, V4A incl. cover, ball and spacer ring, 1½" AG

Ball holes:
- 7 drilling holes à Ø 5 mm
- Ø 13 mm
- Ø 18 mm

Ocean® main drain V4A PRO

polished, d150 mm, for liner, concrete and tile pools, 2" female thread, with ground connection

Ocean® main drain V4A PRO „Square"

brushed, 150 x 150 mm, for liner, concrete- and tile pools, 2" female thread

OCEAN® V4A UNDER WATER LIGHTING

The high-quality and modern design of the stainless steel Ocean® spotlights made in Austria underlines the character of a classy pool concept.

The new underwater lights are designed for easy installation. The RECTANGULAR series is installed using fastening bolts and the SQUARE series using an innovative, magnetic mounting system.

In the versions V4A brushed and white powder-coated
Specially developed mounting brackets for mounting in the Ocean® system brick or PP-pools

MAGNETIC & CONCISE

The new Ocean® spotlight SQUARE is installed in the pool with a unique, magnetic mounting system. The design was constructed in a way the headlights can be integrated concise into the pool wall.

UNDER WATER LIGHTS
LED/RGB and accessories

Ocean® under water light complete sets Square

RGBW LED, for liner-, concrete-, tile and stainless steel pools, innovative magnetic mounting system, 110x110 mm, approx. 2500 lumen, incl. 15 m cable, incl. flange set, with flush inground housing, Types:
- brushed
- powder coated

Ocean® under water light complete sets Rectangular

RGBW LED, for liner-, concrete-, tile and stainless steel pools, 60x570 mm, approx. 2200 lumen, incl. 15m cable, incl. flange set, with flush inground housing,

Types:
- brushed
- powder coated

Ocean® control box DMX compatible

for under water light Square and Rectangular. Can be equipped with up to 4 channels, body IP specified. 1 additional channel incl., ex works with plug, 350mA, 24V, 100W, power adapter inside

Ocean® wall conduit V4A for under water light Square

incl. fastening flaps for clean and quick installation. Cable connection with ¾ female thread, piping with the corresponding Praher-IBG fitting and flex hose

Ocean® wall conduit V4A for under water light Rectangular

incl. fastening flaps for clean and quick installation. Cable connection with ¾ female thread, piping with the corresponding Praher-IBG fitting and flex hose

Ocean® DMX interface incl. remote control

for under water lights Square and Rectangular. Remote control with touch colour wheel. Easy installation and implementation, installed in it`s own box

VISION Pro RGBW 17/10/5 RGBW

Pro 17:
7000 lm
180 W
Ø 170 mm

Pro 10:

Remote control for Adagio Pro, Spectra & Moonlight
with transformer

for function OFF/ON and colour regulation for RGB MULTICOLOUR, incl. hand transmitter, operating distance 40–100 m, also for Moonlight (with transformer 200 VA, input 230 V AC/output 12 V AC max 200 W)

Remote control for VISION Spectra & Moonlight
without transformer

for functions OFF/ON and colour regulation for RGB MULTICOLOUR, incl. hand transmitter, operating distance 40–100 m, (without transformer, input 12 V AC)

Adagio Pro remote control
with transformer

DMX512 and RS-485 connection, incl. hand transmitter (with transformer 300 VA), dimming function

Hand transmitter upon request.

UNDER WATER LIGHTS
LED/RGB and accessories

VISION Moonlight
Multicolor / White

with installation clamps for all common light brands and all common 300 W light frames, niches for retrofitting, optional with remote control, IP68, input voltage 8 V AC–14 V AC, 4 m, cable 2-wire, 16 colours

RGB type:
800 lm, 13 W
1550 lm, 23 W
2200 lm, 33 W

White type:
1350 lm, 14 W
2400 lm, 23 W
3500 lm, 35 W

We recommend Moonlight V4A stainless steel cover.

VISION
wall conduit, short

for liner and concrete pools ABS, short design, hose connection 25 mm, thread connection inside

For VISION Pro, Spectra or Adagio Pro.

VISION
wall conduit

for polyester/vinylester pools, PP pools, etc. ABS, with lock nut and female thread, connection inside

For VISION Pro, Spectra or Adagio Pro.

VISION
wall conduit, long

for liner and concrete pools, long design, ABS, hose connection 25 mm

For VISION Pro, Spectra or Adagio Pro.
VISION
wall conduit Stainless Steel

for Stainless Steel pools V4A stainless steel, with female thread, connection inside

For VISION Pro, Spectra or Adagio Pro.

VISION Moonlight
installation set

incl. cover white (without lamp)

Transformer TORO DIN

220-230 V IN, 12 V AC OUT, for DIN rail mounting

150 W / 350 W / 700 W

### Transformer TORO IP64

220-230 V IN, 12 V AC OUT, IP64, with plastic housing

150 W / 350 W / 700 W

Installation set

for VISION wall conduits

Smart under water light
M5, 300W – 12V

ABS body, 300W–12V PAR 56 bulb (162,5 lumen), 1 m cable protection hose, 2.50 m 2 x 4 cable, corrosion free, chem. resistance, IP68 protection code, sealings, screw set, change of bulb without lowering of water level, illumination area: ~ 16 m² installation distance: ~ 4 m depth: 65 cm from above pool floor

Smart under water light
M5, 300W – 12V

incl. 18x Stainless Steel inserts & 25 mm screws for liner pools, ABS 300 W 12 V, flange set, for polyester pools we recommend 35 mm screws

Electrical junction box

junction box made of strong, white ABS material

This junction box is compatible with all under water lights, with square lid, with O-ring and four stainless stell screws. UV-resistant and chem. resistance.

Smart under water light
M5, 300W – 12V

with stainless steel cover, for liner pools
incl. 2x Stainless Steel thread inserts A4 (SS316), ABS 300 W 12 V with flange set, 2,50 m cable, 1 m cable protection hose

Smart under water light PT

for retro fitting incl. halogen lamp 100 W–12 V or 50 W–12 V, ABS, 2,5m cable, 1 m flexible cable protection hose, glass protection, IP68, UV protectoin, illumination area/light: ~ 10 m², installation distance: ~ 2 m, depth: 65 cm from above pool floor

PERAQUA®

A POOL FULL OF LIFE

It is our highest permission to enrich every pool with creative, perfect fitting, affordable and durable pool technology. Our focus is on the maximum ease of use, safety, cleanliness and sustainability of the selected technology for your pool projects.

Tailored to the digital age, you can choose between fully automatic pool control systems based on WIFI connection or manual control systems in **Peraqua® Quality**.

Our mission is to implement Peraqua® & Praher Top Quality in all areas of sales, marketing, service, logistics, training, repair, and after-sales service with the best dedication.
