Details about
Ocean® cleaning accessories
www.youtube.com/peraquacom

If it comes to manual or automatic pool cleaning accessories Peraqua® calls attention to perfect solution, economic care and fast spare part supply when required.

Ocean®

Design, development and production in Austria – the Ocean® De Luxe cleaning accessories system stands for quality at the highest level.

The outstanding design goes hand in hand with developed product features. This shortens your working time with the Ocean De Luxe vacuum cleaner, because of clever located side brushes.

5 years full guarantee on body and frame break and 10 years spare parts deliver guarantee for selected Ocean® products.

**DESIGNED,
ENGINEERED &
MADE IN AUSTRIA**

EASY CLEANING THANKS TO PRACTICAL FEATURES

Ocean® Alu Telescopic Rod De Luxe

available in 2-part and 3-part versions

Ocean® Pool Cleaning Kit De Luxe

7-piece set consisting of:

- Ocean® De Luxe leaf rake PP blue
- Ocean® De Luxe leaf skimmer blue
- Ocean® floor vacuum De Luxe
- Ocean® corner brush PP white
- Ocean® pool brush standard PP white 42 cm
- Ocean® hand scrubber De Luxe PP white
- Ocean® hand brush PP white

The receiving tabs on the frame of the **Ocean® De Luxe leaf rake** are functional helpers when collecting dirt on the walls and on the floor.

The click system on the reinforced handle of the **Ocean® De Luxe floor vacuum cleaner** ensures easy assembly of the telescopic rod. The connection piece for the pool hose can be rotated 360°.

With the robust construction of the **Ocean® De Luxe floor vacuum cleaner**, the suction head is pressed down, preventing buoyancy in the water. This makes cleaning the pool floor easier.

The **Ocean® Alu telescopic rod De Luxe** is available in 2-part and 3-part versions. At the front end of the rod is the introducer sheath. The click system makes it child's play to attach and change nets, vacuum cleaners, etc.

smart

Smart by Peraqua stands for intelligent and innovative pool cleaning accessories designed and developed in Austria.

We call our attention to a nice-looking design and a good functionality, the production process is monitored and strictly.
